

In accordance with old record cards that we have found from Sacred Heart of Jesus Church, the following names of babies are believed to be buried in the Sacred Heart of Jesus Cemetery. We believe that these babies names and locations of burial were written by Father Pilz on the Sacred Heart of Jesus Cemetery Map, which has gone missing in the last few years. If the Map is ever returned, then we could know the location of their burial. We have listed the names and dates of death from these records. If you are familiar with any of these names and can give us an exact location of their burial, please call the Rectory. If you feel they are buried in another cemetery, please advise us. Updated March 22, 2013.
