HOUSE BLESSING – In accordance with the Polish and Slovak custom, Fr. Aron will be blessing homes near the feast of the Epiphany. House blessing is a deliberate way to call upon God to be the center of your home in the new year. God invites us to prayer, to cooperate with grace, what better way than to have your home blessed each year. Your house need not be featured in Better Homes and Gardens, spotless, or include a tip or meal – just an openness to inviting God into your home. If you are interested in having your home blessed, please phone the rectory to schedule a time.

DISNEY RAFFLE TICKETS - Please see Stephen or Kim Knapp (754-4625 or 279-2636) if you are interested in purchasing a \$10 raffle ticket for a chance to win an all-expense paid trip for a family of four to Disney. Proceeds benefit Divine Mercy Academy.

MOM REFUSES TO ABORT BABY - Cerith Gardiner - Diagnosed with a fatal heart condition, baby Miyah proves you have to have a little faith. A British mom, Chloe Conlin, 21, was told by doctors that if she went ahead with her pregnancy, her unborn daughter would not make it to her first birthday. Conlin, who had already experienced a stillbirth, decided to ignore the doctors advice and went on to give birth to a little girl called Miyah 14 months ago. The baby was born with right atrial isomerism, which meant she only had half a heart. As Conlin explained to the Daily Mail: “When I was pregnant they told me to have an abortion over 10 times because they said she wouldn’t be compatible with life, it would be a real struggle and she probably wouldn’t live until her first birthday.” Luckily for Miyah, the determination of her young mom proved enough to mend her little heart after she underwent open-heart surgery on Christmas Eve last year at the famous children’s hospital, Great Ormond Street in London. After the operation Miyah went from strength to strength, and is now even taking her first steps as she celebrates her first Christmas away from the hospital ward. She’s beginning to talk and is reaching the milestones doctors believed she’d never make. Although the doctors can’t actually mend her heart, they can try and help prolong her life. This will entail an operation in the next couple of years when her condition starts to deteriorate, followed by check ups a few times a year, and then it will be down to God as to how long little Miyah’s heart will keep on beating. In the meantime, Miyah will spend Christmas surrounded by her family and a heap of presents celebrating the life she’s been given with hope for more wonderful Christmases to come.
