THE BELLS OF ST. JOHN’S – It has been brought to the attention of Fr. Aron that the bells are not ringing with regularity at the St. John Chapel. Since he is unable to hear the bells from the rectory if anyone who lives in the vicinity of “Old Central” would take note if and when they are ringing it would be greatly appreciated.

ST. VINCENT DePAUL NOTES – The St. Vincent DePaul Society wishes to thank everyone for their donations and support of the local conference over the last year. The local conference helped to provide for those in need in a variety of ways including assistance for medical prescriptions, travel aid, car repair, fuel for homes, rent/eviction assistance, Thanksgiving turkeys, Easter Hams, and monthly support of the Shade-Central Food Bank. May God bless you for your kindness.

SOMETHING TO PONDER – Consult not your fears but your hopes and your dreams. Think not about your frustrations, but about your unfulfilled potential. Concern yourself not with what you tried and failed in, but with what it is still possible for you to do. – Pope John XXIII

PYSANKY DECORATING CLASS – Our neighbors over at St. Mary's Orthodox Church will be sponsoring a class (held on two different sessions) on making Pysanky (Ukrainian Easter Eggs) in March. The cost of the class is \$30 per person and includes instruction, handouts, supplies to make a one egg and light refreshments. Registration is needed – first come first served basis – all registrations must be received and paid in full no later than January 31st. To register please contact Nicole Walker at simplynicole@outlook.com, or mail in the registration form found on the back table at our church.

HOUSE BLESSING – In keeping with the age-old custom of Polish and Slovak people Fr. Aron is happy to come and bless your home next week. Please phone the rectory to set up a time. Traditionally done during the weeks surrounding Epiphany the blessing of homes is a great way to call to mind God's presence as we begin our new year.

ON FAITH AND SCIENCE - A recent talk by Jesuit Brother Guy Consolmagno, an astronomer at the Vatican Observatory, made a number of interesting points on the relationship between faith and science. Br. Guy pointed out that those who believe in God should not be afraid of science, but should see it as an opportunity that God gave humanity to get to know him better. Br. Guy taught at both Harvard and M.I.T. and has been a member of the Jesuit order for over twenty years. In his talk he stated that he believes in God, "not because he is at the end of some logical chain of calculations" but because he "experienced what physics and logic can show me but cannot explain: beauty and reason and love." He further stated that the primary difference between him and atheistic scientist Stephen Hawking is that he recognizes that God is not another part of the universe that explains the inexplicable, but instead "Logos" and "Reason itself."

ROME TRIP – Fr. Aron is offering a trip to Rome next fall (October 28-November 3) open to EVERYONE. The trip includes many of the great locales visited on the CCD trip to Rome last year. Additionally the trip includes Mass in a great church of Rome each day (with music provided by Father's friend Nicholas Will), and first class meals each evening. The cost of the trip is \$2,499 and is all inclusive (flight, admissions, gratuities, hotel, transportation all included). For more information please contact Fr. Aron.
